# KAVIYA M

**AI/ML Enthusiast | Full Stack Developer**
mkaviya1701@gmail.com | +91 6381780483 | DOB:17/01/2003
**github.com/kavyaaa1701** | **linkedin.com/in/mkavya10100**

## Profile summary

Recent MCA graduate from **Anna University** and BCA Gold Medalist, with hands-on experience as a Full Stack Developer and AI/ML Enthusiast. Skilled in React, Flask, and AWS with projects in AI-driven acne prediction, SOS safety apps, Cloud services (AWS) and Data engineering.

## Skills

**Languages:** Java, Knowledge of HTML, CSS[Tailwind], JavaScript, frameworks like React, Python – Numpy, Pandas

**Database & technologies**: SQL, Android Studio, Ubuntu, Cloud Computing and Big Data, Deep Learning, Machine Learning

## Education

**College of Engineering, Anna University, Chennai [MCA]** Sep 2023 - May 2025
Relevant Coursework: Data Science, Data Structures, Android, Design and Analysis of Algorithms, Internet of Things, Full Stack Software Development, Software Engineering, Databases. ***CGPA:8/10***
.

**Sri Bharathi Women's Arts and Science College, Arni [BCA]** Aug 2020 – Apr 2023
Relevant Coursework: Linux-UBUNTU, Network Security, Cyber Security, ERP, Data Mining ***CGPA:9.3/10***

**Oxford Matric Hr.sec.school, Polur 12th Std [2019-2020] 84%**

**Oxford Matric Hr.sec.school, Polur 10th Std [2017-2018] 93.7%**

## Work Experience (Internship)

***Revamp Academy - Full Stack Developer*** ***May2024 - June 2024***

**Internship** - *Member of Development Team* ( Role as a Front-end developer )

Collaborated on enhancing web application functionality and usability, ensuring responsive layouts, optimized performance, and seamless user experiences. Contributed to the design and deployment of the Ex-Army Helpline Website, integrating Web3 Forms for mail services and hosting it on Vercel.

## Projects

**Ex-Army Helpline Website (2024):** Led the design and development of a responsive website using React and Tailwind CSS, providing support for military personnel and families. Deployed the application live with seamless performance.

**AI-Based Acne Detection & Network Security Analysis:**
Developed a web app using ResNet50 for acne detection and treatment suggestions. Also integrated with network security log analysis using attack trees for threat detection

**Technical Team Member - Niral Function:** Provided technical front - end support to ensure the smooth execution of the department symposium.

**MCA Rank List Analysis-2024 (Big Data Project):** Collaborated on a group project. Apache Spark and Docker containers to analyze and derive insights from MCA rank lists. Performing ML algorthms to see useful insights from list.

**Spotify-Inspired Data Engineering Project (AWS Cloud) :** Designed a cloud-based pipeline using PySpark, AWS S3, Glue, Crawler, Athena, and Quick Sight to clean and process data, generate insights, and create visualizations inspired by Spotify's data operations.

**USAFE – Emergency SOS & Safety App:** Android SOS app built with Java featuring real-time location sharing, live camera, and nearby police station search for quick emergency response.

**Project Nexus [Present]:** Founded an initiative to mentor students in project development with structured guidance and hands-on experience.

.

## Achievements, Awards and Certificates

**BCA Gold Medalist:** Awarded the prestigious Gold Medal for securing the highest academic honors in the Bachelor of Computer Applications (BCA) program and also for proficiency in coursework, consistently achieving top grades and excelling in all aspects of the curriculum.

**Class and Placement Representative -** Organized academic and extracurricular events, and managed the placement process for the BCA graduating batch, demonstrating leadership and coordination skills.

**Championship Awards (Sports & Competitions) -** Won the Chess Championship (2022) and also runner-up (2023) in Sri Bharathi Women's Arts and Science College. Apart from studies, also interested in extra curricular activities.Secured 1st prize in hairdressing and Modeling, and participated in speech, singing, photography competitions from the school level.

**KNOWN LANGUAGES :**

| Language | Proficiency | Certification (if any) |
|---|---|---|
| Hindi | Moderate(First Class) | Completed all 8 Certification Levels |
| English | Fluent | - |
| Tamil | Fluent | - |

Successfully completed all **8 levels of Hindi Certification Exams** — Prathamic, Madhyama, Rashtrabhasha, Visharad Poorvardh, Visharad Uttarardh, Praveen Poorvardh, Praveen Uttarardh, and Nishnath — with First Class Distinction.

I'm passionate about learning new languages and exploring diverse cultures. As an **active Duolingo user,** I'm currently learning Hindi, Arabic, and Japanese, enjoying the challenge and progress of daily language practice.

**CERTIFICATIONS:**

Python for Data Science – NPTEL,

Ethical Hacking – Cappriosec Securities,

Python Framework (Flask) – Eduyear ,

Certified Full-Stack Developer – Revamp Academy,

Data engineering basics – EduYear.
